

CATES HILL NEIGHBOURHOOD ASSOCIATION

8 February 2006

Brad Hawthorn
Public Works Superintendent
Bowen Island Municipality
981 Artisan Lane
Bowen Island, BC V0N 1G0

Dear Brad:

I am writing in response to your letter to the Cates Hill Neighbourhood Association regarding the implementation of traffic calming measures on Cates Hill.

At the 2005 Annual General Meeting of the Association, the members expressed their appreciation for your letter and the ideas and concepts you outlined. They also discussed (in some detail) the measures available, and debated the pros and cons of each one.

It was decided that at least two members of the Association would examine the alternatives in more detail and consider the implications of implementing each one. Once this has been done, their findings and recommendations will be provided to you for further consideration.

I understand that you require a response to this matter before 28 April, and will ensure that the response is forthcoming prior to that date.

With kind regards,

Cates Hill Neighbourhood Association

Owen Plowman
Secretary
